

FLORIDA POSTAL HISTORY JOURNAL

Article List & Subject Index to Volumes 1-33, 1993-2026

The index published for Volumes 1-28 has now been updated for Volumes 29-33 with two sections:

- 1. Journal Contents & Article Subject Index**
- 2. Post Offices, Postmarks & Postmasters Index**

This is also the perfect time to recognize the extensive contributions made by “the father” of this journal, Deane R. Briggs, M.D. Deane assumed the Journal Editor duties with the third issue in August 1994 (Vol. 1, No. 3) and continued in this position for sixty-five issues when Steven Swain of Roswell, Georgia took over with the May 2018 (Vol. 25, No. 2) issue and remains the Editor through these issues. Deane has written a total of 223 articles for the *Florida Postal History Journal* and has provided covers and postmarks to illustrate many of the articles written by other authors. He was an editor of the *First and Second Editions of Florida Postal History 1763-1861*, and the author of *Florida Postal History During the Civil War*.

He is dedicated to advancing *Florida Postal History*, and the depth of his commitment and scope of his efforts go far beyond this journal. As the consummate editor, his expectations for both style and content are the continual challenge to meet. We all thank him for his service to the journal and the society.

Vernon Kisling and Thomas Lera
Index Editors, Florida Postal History Society
