

Florida Postal History Journal
Index to Volumes 22-26, 2015-2019

Vernon N. Kisling, Jr. prepared an excellent index published on the website in January 2015. Almost five years have passed, with many new issues and several changes in the interim, leading to the need to update the index. This also seems to be the perfect time to recognize the extensive contributions made by, basically, “the father” of this journal, Deane R. Briggs, M.D.

Deane assumed the Journal Editor duties with the third issue in August 1994 (Vol. 1, No. 3) and continued in this position for sixty-five issues when Steven Swain of Roswell, Georgia took over with the May 2018 (Vol. 25, No. 2) issue. Deane has written a total of 219 articles for the *Florida Postal History Journal* and has provided covers and postmarks to illustrate many of the articles written by other authors. He was editor of the First and Second Editions of *Florida Postal History 1763-1861*, and the author of *Florida Postal History During the Civil War*.

He has been dedicated to advancing Florida Postal History, and the depth of his commitment and scope of his efforts go far beyond this journal. As the consummate editor, his expectations for both style and content are the continual challenge to meet. We all thank him for his service to the journal and the society.
